THE TOLLE KITCHENS TEAM

'We couldn't be happier with John and Lynne. Their design and service was fantastic. They were hugely supportive throughout all stages of the project, accommodating design revisions and liaising with our trades on site to ensure everything was perfect, which was particularly important given the complexity of our project.'

'We just want to say how thrilled we are with our kitchen. It was a hard room to work with as there are lots of doors and not much light. You designed the room exactly how we wanted making it feel light and airy. It looks like a totally different space now and we love using the kitchen. We cannot thank the Tolle team enough and highly recommend them to anybody wanting a high quality and well designed kitchen.'

Take some inspiration for your future interior from our spectacular kitchen projects, which we've designed and installed throughout Yorkshire...

Striking Architectural Handleless Kitchen

Portpatrick

We designed this extraordinary kitchen for clients starting a new life in Scotland. Our breath-taking interior was, in fact, featured on Channel 4's hit series, Grand Designs. As the focal point to a truly awe-inspiring clifftop property, every detail had to be just right. This stunning space features real concrete doors and matching handle rails. The streamlined architectural aesthetic complements the setting perfectly.

Elegant Contemporary Kitchen

Swanland

Inspired by what they'd seen on TV, our Swanland clients were looking to create their own stunning statement kitchen. We combined Neroton concrete-effect doors with a luxurious mirror splashback to establish an elegant and sophisticated atmosphere. The casual seating area offers the ideal spot to entertain guests without detracting from the island's valuable storage capacity.

Clean & Fresh Shaker Kitchen

Halifax

Our clients were looking for a contemporary take on a traditional shaker kitchen. This timeless and subtly characterful interior suits their modern family home down to the ground. From the charming mantel to the bespoke countertop sockets, every detail has been tailored to their lifestyle and tastes. Our clients were especially delighted with the gorgeous Smeg range.
